Supplemental Amendment/Reply After Final Office Action

Sir:

Enclosed is a reply in the above-identified application in response to the final Office Action dated 8 July 2002.

Please amend the claims as follows. Attached is a marked-up copy of the amended claims.

1. (Twice Amended) A method for characterizing an image comprising:
 - partitioning the image into a plurality of partitions, each partition including a plurality of pixels, each pixel having a color,
 - determining a frequency of occurrence of each color of the plurality of pixels within each partition, and
 - creating a characterization of the image that includes a plurality of measures that are proportional to the frequency of occurrence of a plurality of colors.
